

Vmath LIVE™

Practice
Prepare
Play

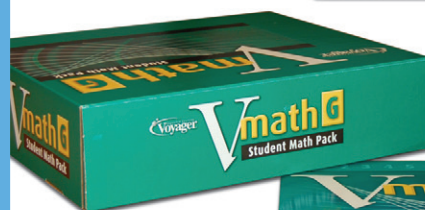

"VmathLive is awesome. My daughter loves playing and learning."

VmathLive™ is the premiere online math resource that creates a stimulating environment for all students. Students **practice** their math skills, **prepare** for high-stakes tests, and **play** in real-time competitions of speed and skill.

- ▶ Students are engaged and motivated to improve their math skills.
- ▶ *VmathLive* provides built-in error analysis and opportunities for students to try again.
- ▶ *Vmath* includes animated demonstrations of essential math concepts.
- ▶ Teachers track student progress through instant access to online reports.
- ▶ *VmathLive* supports state standards and high-stakes tests.
- ▶ Hassle-free technology is completely web-based.
- ▶ *VmathLive* is a blended solution of technology and print that extends the *Vmath* program.

VmathLive reinforces essential math concepts taught in Vmath.

Students earn points for performance in each competition.

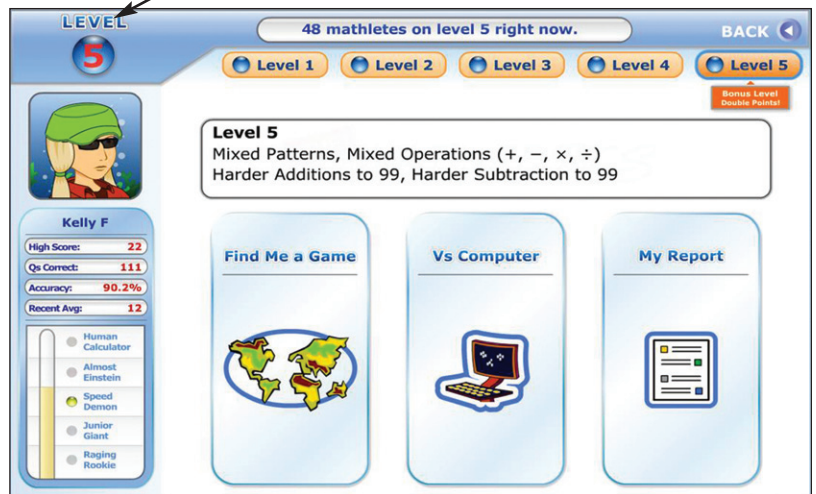

Students Love *VmathLive!*

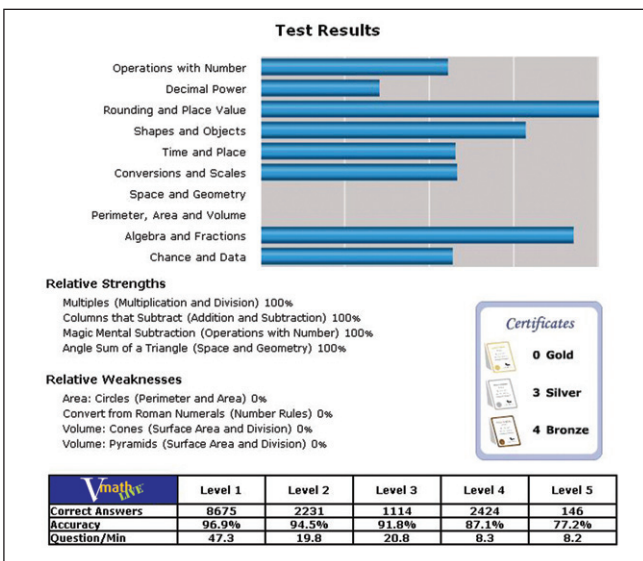

Students have more than doubled their scores in mental math skills using *VmathLive*.

VmathLive provides differentiated practice for students of all levels.

- ▶ Students compete with the computer and other students around the world in a secure environment.
- ▶ Students work at their own pace while preparing for high-stakes tests.
- ▶ Recognition and rewards are given for participation and achievement.
- ▶ *VmathLive* is easily accessible at school and at home.
- ▶ *VmathLive* extends the school day and increases student's time on task.

Real-time reports track student participation and progress.

“My child loves it. He loves the idea of playing against kids all over the world!”
